RE: Reconnaissance Level Characterization Report (RLCR) for the Security Cluster -
Concurrence

Dear Mr. Legare:

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division has reviewed Revision 1 of the Security Cluster RLCR for Buildings 550, 761, 901, 762, 762A, 792, and 792A. The Security Cluster RLCR Revision 1, dated May 17, 2001, was received by the Division on May 21, 2001. Based on the information contained in this RLCR, we are hereby concurring with the Type 1 designation for Buildings 550, 761, 901, 762, 762A, 792, and 792A.

Because Buildings 762, 762A (PACs 1), 792, and 792A (PACs 3) are still being used, the results provided in this RLCR may not be sufficient for the PDS as indicated. As such, an additional final appraisal/characterization including additional radiological surveys need to be performed prior to closure/demolition of these buildings. The results of the final appraisal and radiological investigation need to be provided during consultative meetings prior to demolition, as well as in the closeout report for the these buildings.

If you have any questions regarding this correspondence please contact me at (303) 692-3367 or David Kruchek at (303) 692-3328.

Sincerely,

Steven H. Gunderson
RFCA Project Coordinator
